OUR COMMITMENT TO EXCELLENCE

STORM RESTORATION EFFORTS

Our dedicated storm restoration team worked tirelessly to support FirstEnergy in its efforts to restore power in the New Jersey Service Area. We are proud to be making a significant contribution to the restoration efforts that will help ensure that communities have uninterrupted access to essential services during challenging times. Our team's expert skills and knowledge also enabled us to provide efficient and effective assistance in New Hampshire & Michigan. We remain committed to continuing our efforts until power is fully restored

AMEREN'S RENEWABLE ENERGY PITCH COMPETITION

PRH Group had the privilege to participate in Ameren's Renewable Energy Pitch Competition, during which we presented our innovative solutions and unwavering commitment to the advancement of renewable energy. We are thrilled to announce that PRH Group emerged as the winner of the pitch competition, a clear indication of our expertise and dedication to promoting sustainable energy solutions.

PRH Q2 GROWTH CLUB STRATEGIC SESSION

Our leadership team convened recently for the PRH Quarter 2 Growth Club Strategic Session, under the guidance of Action Coach Marcia Erickson. This highly productive session entailed an in-depth discussion of key performance indicators (KPIs) whilst keeping our goals, vision, and mission at the forefront. By aligning our strategies with our core values, we have ensured that we remain well-positioned for continued success and impact.

Representatives from the PRH Group had the opportunity to attend the Women's Business Enterprise National Council (WBENC) as both attendees and exhibitors. This event provided an ideal platform for networking and gaining invaluable insights. The PRH Group's participation in the event allowed us to collaborate, learn, and forge meaningful connections within the larger business community.

WBENC 2024

As we reflect on these achievements and opportunities, we are reminded of the collective effort and dedication that drive PRH Group forward.

Thank you for your continued support and commitment to our shared goals.

We value communication and are committed to providing the best possible service to our customers. If you encounter gaps in our service, please reach out to us for assistance. We are always available to collaborate with you on solutions to any electrical supply issues.
